

# Diabetes Self-Management Putting the Pieces Together

6 – 7 December 2018 | Golden Jubilee Conference Hotel Glasgow

**DSMA 2018** will offer a multi- and inter-disciplinary perspective in patient education research, self-management support and methods of helping people living with diabetes to manage their condition successfully.

## DSMA 2017 FEEDBACK

Unlike many conferences ..... This conference was more like an educational movement with a collaborative “open conversation” approach.  
How innovative and inspiring

Workshops worked very well – kept everyone motivated – not just listening as often happens

Well worth the time - will change my practice as a result

## CONFIRMED SPEAKERS

**Simon Heller**

**Alan Flyvbjerg**

**Stephanie Amiel**

**Sue Cradock**

**Andrew Keen**

## WORKSHOPS TO INCLUDE

Accreditation & evaluation of interventions
